

Welcome
to our first week helping you

Buy Your 1st Commercial Property In Just 70 Days.

This first week is where I introduce myself and provide you with 5 days of free content. I provide this so you can ascertain if this DIY commercial property investment program is what you need to get from being curious to serious.

In the "Buy Your 1st Commercial Property In Just 70 Days" program, you will receive a weekly email which has links to the respective videos and action tasks. I'd prefer you to take your time and learn well, so work out a timeframe that suits you such as doing a module;

- each day
- whenever you can, or
- a few at a time

This week we focus on getting set for the course both mentally and in regard to getting the resources that you need. Click on the below hyperlinks to access your 5 Free Days.

	Day 1	What is the course and what you need	Free Content
	Day 2	Selecting the commercial property type (and a backup) that suits you best	Free Content
	Day 3	Motivation and support networks to help you succeed	Free Content
	Day 4	Understanding investor personality types and how to create harmony to get your goal	Free Content
	Day 5	Environmental scan and looking for opportunities	Free Content
	Day 6	Attack plan to focus your efforts	Members only
	Day 7	And on the 7 th day ...	Members only

Currently, you are probably trudging along by yourself and being no closer to your dream than you were six months ago. This course is designed to support and educate you to push past this unsuccessful time. I do this by putting in 'connect points' where you can let me know how you are going and ask any questions you have. Your success is important to me.

Please note that the first five videos are **free content** and available to **everyone** whilst modules after day 5 are only available to members who have bought the course (currently \$1,000 incl GST) from my website at

bundabergcommercialrealty.com.au

As a short time bonus, I will refund your \$1,000 if my training fails to help you save at least \$10,000 on your first commercial property purchase!

So what are you waiting for? You now have access to the resources that will allow you to "Buy your 1st Commercial Property In Just 70 days." Now that's fast!

*Please enjoy the program.
I created it for you.*
